## David Humke ON THE ISSUES

### ★ *Economy*

As a Nevada Republican, David Humke has followed the principles of limited government and creating a tax environment so businesses can thrive and expand, creating more jobs.

### ★ *Budget Priorities*

In 2003, Washoe County initiated the Changing Our Course Committee to prioritize the budgets and needs of the citizens. It was based on public safety being the primary goal— making sure law enforcement, fire protection, the jail, and the courts have priority.

In these troubling economic times, government at all levels must balance its budget, **without raising taxes**, just as struggling Nevada families must balance their checkbook every month.

David Humke and the other commissioners shrank county budget by **\$100 million over the past 3 years** as well as **reducing county staff by 18 percent**. This was done primarily by not filling vacant positions in order to balance the budget to falling revenue and offering early retirement.

### ★ *Opened up the Planning Process*

As Chairman of the County Commission, David Humke has opened up the planning process so citizens know more about the projects being proposed around them. The newly adopted two-map system lets residents know exactly what projects are being proposed and not just possible land uses, as was the norm before.

### ★ *Building Infrastructure*

As a member of the Regional Transportation Commission, David Humke has prioritized development of the Meadowood mall interchange and improvements to the I-80 and I-580 highways.

### Background

- County commissioner for 8 years
- Appointed by the Governor to the Juvenile Justice Commission
- Elected as Assemblyman in Republican Assembly District 26 prior to 2001 reapportionment
- Appointed by the Governor to the Nevada Commission on Aging
- Serves on over 10 boards and committees in Washoe County
- Served in the US Marine Corps Reserve
- Married to Cindi; father of 4 children and 3 grandchildren
